Lots of good
stuff for kids

ADULT - JUNIOR TEAM SCUP TOURNAMENT July 3-12

Are you planning to enter the tournament? All you need is a parent, grandparent or guardian to fish with. Enter the total of the four biggest fish you catch as a team. For official rules, see the special tournaments section on the RISAA tournaments web page. www.risaa.org/tournaments/

The Junior Activities Committee will host a scup fishing event at McCorrie Pt. in Portsmouth on July 11th. This is a great scup fishing spot. Come join the other junior/adult teams for some serious scup fishing. Check out the junior's web page to find out more: www.risaa.org/juniors

Summer Fishing Spots

What's your favorite place to fish in the summer? Everyone has one place they like the most. It might even be a place that holds lots of fish, or it is just special for other reasons.

To find out spots other kids like, check out the RISAA juniors page where kids can share their favorite spot and what they like most about it. www.risaa.org/juniors/stories.htm There's also stories about exciting fishing adventures, poems and even a link to the video about the juniors tautog fishing event. Check it out!

**Junior Member
JUSTIN FINO**
displays a couple of tautog that he landed while fishing with his dad last month. The larger fish, a 3.94 lb beauty is leading the Yearlong Tournament in the Junior Boat Division.

Junior's Squid Fishing Event

What a time we had at the junior activities squid fishing event! We didn't catch a lot, but many of us had never been squid fishing ever before, so just the chance to learn HOW to fish for squid was exciting.

Each kid received a free Yozuri squid jig from RISAA as soon as they arrived. Then it was on to the business of getting that rig into the water!

Everyone had a great time. Even when the squid weren't biting, the jokes were flying and everyone was wearing a smile. **Brendan and Joey** (shown above) were the only ones to catch squid that night, but others were determined to return with the knowledge provided.

Special thanks to **Dave Fewster** for helping out, as well as **Bob LeBlanc** and others who brought lights, generators, helpful advice and good spirits.

This event was so much fun, we're already planning to repeat it next year.

Got an idea for a junior event?
Maybe you know an adult that
would like to join the RISAA
Junior Activities Committee?
