Never Wax Your Boat or Car Again!

Nothing Sticks but the Shine®

PROTECTS AND BEAUTIFIES PAINTED
METAL, GLASS, ACRYLIC, GEL COAT,
FIBERGLASS, GLOSSY PLASTIC &
POLISHED METAL SURFACES

SPACE AGE PROTECTION FOR YOUR CAR, TRUCK,
BOAT, AIRPLANE & MOTORCYCLE

REJEX is a non-yellowing polymer coating that applies like wax (though with none of the buffing or polishing) and leaves an enduring, beautiful shine on any painted, metal or glass surface.

No Rubbing or Buffing - Wipes on and off!

REJEX is a thin-film polymer coating designed to provide a high-release surface. This very thin film – less than a micron thick – prevents stains and adhesion of common contaminants such as exhaust, bugs, oil, tree sap, bird droppings, road grime, brake dust, etc. It also makes graffiti easy to remove and can be applied to windshields to repel rain. It's easy to apply and produces a deep, lustrous shine that outlasts the most popular waxes by months.

Transom Soot Wipes Right Off!

REJEX contains none of the free silicone oils found in some other products that are known to contaminate paint and cause problems when repainting.
