Successful Striper Fishing: Tips, Tactics & Techniques

featuring

CHARLEY SOARES

"Many readers have been asking me about the finer points of catching bass on artificials," said Charley while talking with RISAA President Steve Medeiros.

Always willing to share his knowledge and to help other anglers be successful, he has designed this new seminar presentation on casting for stripers that will detail locations, techniques and

the tackle. He says it will be a welcome change from the usual seminars. Although he fishes from Boston Harbor to Long Island Sound, Charley considers Narragansett Bay, Newport, Rhode Island to Westport Mass, Cuttyhunk and Vineyard Sound his preferred locations. He catches stripers using all the standard methods but believes that fooling jumbo stripers with a hunk of wood or plastic is the ultimate fishing achievement.

For many years, "Charley Soares" has been one of the most famous names in recreational fishing on the entire East Coast of the U.S.!

Charley is a full-time writer and guide who fished Cuttyhunk and the Vineyard for the past 50 years and currently serves as Field Editor for *The Fisherman* magazine and feature writer for *On The Water* and *Surfcasters Journal* magazines. He has been writing a weekly newspaper outdoor column for the past 20 years. Charley published his first book on fishing the tube and worm over 30 years ago and has five other books to his credit.
