

## AFFILIATED ORGANIZATIONS

The Rhode Island Saltwater Anglers Association (RISAA) believes in the sensible management of fisheries and the conservation and restoration of all marine resources. RISAA has accepted a leadership role in order to provide a unified voice to preserve and protect the rights, traditions and future of recreational angling. In order to achieve these goals, it is important for organizations who have the same goals to join together, uniting their voices and votes for the good of present and future generations of anglers.
